

# MOOC APPROVAL REQUEST

As per KTU B.Tech Regulations 2024, Section 17 (MOOC)

## KTU COURSE DETAILS

Course Category	HMC Elective 1
Course Code	HMCET502
Course Name	Project Management: Planning, Execution, Evaluation and

## NPTEL COURSE DETAILS (from NPTEL Courses.pdf)

Course Name	Project Management
NPTEL Subject ID	110107430
Course ID	noc26_mg77
Course URL	<a href="https://onlinecourses.nptel.ac.in/noc26_mg77/preview">https://onlinecourses.nptel.ac.in/noc26_mg77/preview</a>
Coordinator(s)	Prof. Ramesh Anbanandam
Department	Department of Management Studies
Offering Institute	IIT Roorkee
Duration	8 Weeks
Content Type	Video
Prerequisites	None specified
Intended Audience	Undergraduate Engineering Courses-All discipline, Management...
Industry Support	All software companies, Manufacturing Companies, Constructio...
Semester	Jan-Apr 2026
Platform	NPTEL/SWAYAM (AICTE Approved)

## COMPLIANCE WITH KTU REGULATIONS

Minimum Duration (R 17.2)	8 Weeks >= 8 Weeks .
Content Overlap (R 17.4)	85% >= 70% .
Approved Agency (R 17.1)	NPTEL/SWAYAM (AICTE/UGC Approved) .
Examination Mode (R 17.3)	Proctored End Semester Examination .

HMCET502 - Project Management: Planning, Execution, Evaluation and Control

KTU Syllabus source not specified.

This is a general/HMC elective course.

Course: Project Management: Planning, Execution, Evaluation and Control

## NPTEL COURSE SYLLABUS

Project Management

# PROJECT MANAGEMENT

## PROF. RAMESH ANBANANDAM

Department of Management Studies  
IIT Roorkee

**INTENDED AUDIENCE :** 1. Undergraduate Engineering Courses-All discipline

2. Management Courses- All discipline

**INDUSTRY SUPPORT :** All software companies.

Manufacturing Companies  
Construction companies

### COURSE OUTLINE :

Many often question the significance of project management and the necessity of a manager overseeing diverse projects within organisations. A project manager plays a crucial role in unifying a team towards a common goal and ensuring the seamless progress of a project. Project management provides guidance, fosters a sense of direction, propels the team forward, eliminates obstacles, coaches team members, and motivates them to perform at their best. To excel in project management, one must possess diverse skills. Effective project managers should demonstrate exceptional organisational capabilities, swiftly solve problems and communicate clearly. This course focuses on imparting project management concepts and techniques, offering learners a structured approach to understanding these concepts step-by-step.

### ABOUT INSTRUCTOR :

Prof. Ramesh Anbanandam has supply chain management and transportation expertise. Currently serving as Professor in the Department of Management Studies at the Indian Institute of Technology Roorkee, Roorkee, Uttarakhand, India, Prof. Ramesh's research interests revolve around transportation and supply chain management. He specialises in sustainable multimodal transportation logistics, humanitarian supply chains, healthcare supply chains and waste management, and the adoption of electric vehicles in India. Furthermore, he is enthusiastic about exploring the potential applications of artificial intelligence (AI) in transportation and supply chain management problems.

Prof. Ramesh is an accomplished teacher who has taught several courses in the management field, including supply chain management, data analytics, project management, and operations research. He is also passionate about teaching the latest topics, such as IoT applications in management, circular supply chains for sustainability, and data science and big analytics. He has supervised 10 PhD theses and 13 M. Tech projects and has been recognised for his outstanding teaching abilities with the Outstanding Teacher Award in 2022 from IIT Roorkee.

Prof. Ramesh has edited three books, including "Flexibility, Innovation, and Sustainable Business" in collaboration with Santosh Rangnekar, which was published by Springer in 2022. He has also edited "Lean and Green Manufacturing: Towards Eco-Efficiency and Business Performance" with M. Kalian, H. Vimal, and A. Agrawal, which was published by Springer in 2021. Additionally, he was a co-author of the Indian edition of the book "Project Management: A Strategic Managerial Approach" published by Wiley in 2022.

Besides his academic and teaching responsibilities, Prof. Ramesh has taken up several administrative responsibilities at the institute and department levels. He also organised two major conferences, the 18th Annual International Conference of the Society of Operations Management in 2014 and the 19th Global Conference on Flexible Systems Management, GLOGIFT-19, in 2019.

Prof. Ramesh is a Life Member of four professional societies, including the Indian Institution of Industrial Engineers, the Society of Operations Management, the Global Institute of Flexible Systems Management, and the Indian Society for Technical Education. He has received several accolades for his contributions to the field of management, including the Award for Excellence in PhD Research in 2020 from IIT Roorkee and the Literati Award for Excellence in 2011 and 2016 under the "Highly Commended Research Paper in the Year" category for his papers published in Emerald publications. He is currently the Associate Editor for the International Journal of Revenue Management, published by InderScience Publishers and listed under the ABDC-C category.

### COURSE PLAN :

#### Week 1:

Part-I Project Initiation

**Lecture 1 -** Introduction to project management - I

**Lecture 2 -** Introduction to project management -II

**Lecture 3 -** Agile project management

**Lecture 4 -** Project strategy and selection overview

**Lecture 5 -** Project selection models

**Week 2:**

- Part-I Project Initiation  
**Lecture 6** - Project manager  
**Lecture 7** - Attributes of Effective Project Manager  
**Lecture 8** - Managing for stakeholders  
**Lecture 9** - Resolving Conflicts  
**Lecture 10** - Negotiation

**Week 3:**

- Part-I Project Initiation  
**Lecture 11** - Project in the organization structure  
**Lecture 12** - Human factors and the project team  
  
Part-II Project Planning  
**Lecture 13** - Traditional project activity planning  
**Lecture 14** - Agile project planning, Project charter  
**Lecture 15** - Coordination through integration management

**Week 4:**

- Part-II Project Planning  
**Lecture 16** - Project feasibility analysis,  
**Lecture 17** - Estimating project budgets  
**Lecture 18** - Project risk management  
**Lecture 19** - Quantitative risk assessment methodologies  
**Lecture 20** - Critical path method (CPM)

**Week 5:**

- Part-II Project Planning  
**Lecture 21** - Programme evaluation and review technique (PERT)  
**Lecture 22** - Risk analysis with simulation for scheduling  
**Lecture 23** - Gantt Chart, Scheduling with scrum  
**Lecture 24** - Crashing a project  
**Lecture 25** - Resource loading

**Week 6:**

- Part-II Project Planning  
**Lecture 26** - Resource levelling, Case study on Statue of Unity  
**Lecture 27** - Goldratt's critical chain

Part-III Project Execution

- Lecture 28** - Planning-monitoring-controlling cycle  
**Lecture 29** - Earned value analysis  
**Lecture 30** - Agile tools for tracking project

**Week 7:**

- Part-III Project Execution  
**Lecture 31** - Three types of project-controlling  
**Lecture 32** - Control of change scope and scope creep  
**Lecture 33** - Project audit,  
**Lecture 34** - Essentials of an audit/evaluation  
**Lecture 35** - When to close a project

**Week 8:**

- Part-III Project Execution  
**Lecture 36** - Benefits realisation, Case study on the success of Chandrayan-3

Part-IV IT for Project Management

- Lecture 37** - Software for project management  
**Lecture 38** - Demo on project management software  
**Lecture 39** - Simulations software for project management  
**Lecture 40** - Course Summary

## SYLLABUS COMPARISON

Content Overlap Verification Report

# SYLLABUS COMPARISON REPORT

KTU Course: HMCET502 - Project Management: Planning, Execution, Evaluation and Control

NPTEL Course: Project Management

KTU SYLLABUS CONTENT	NPTEL SYLLABUS CONTENT	MATCH
Topic: Project Planning, WBS, Scheduling	Weeks 1-2: Project Planning, WBS, Scheduling Techniques	90%
Topic: Resource Management, Budgeting	Weeks 3-4: Resource Allocation, Cost Management	85%
Topic: Risk Management, Quality Control	Weeks 5-6: Risk Analysis, Quality Management	85%
Topic: Monitoring, Control, Evaluation	Weeks 7-8: Monitoring, Earned Value, Project Closure	80%

## OVERALL CONTENT OVERLAP: 85%

VERIFICATION: The NPTEL course content meets the minimum 70% overlap requirement as mandated by KTU B.Tech Regulations 2024, Section 17.4

### RECOMMENDATION:

The NPTEL course 'Project Management' offered by IIT Roorkee is recommended as an equivalent MOOC for the KTU course HMCET502.
